

Exhibit Summary

Dairy Facility: Opportunity Dairy, DP-1332

Description: A renewal application submitted by the applicant/permittee was received on February 20, 2008. The application summarized a proposed land application area of 354 acres of irrigated crop land. This information conflicts with the facility map that was included in the application, which indicated three crop circles (LAA-A, LAA-B and LAA-C) whose total acreage sums to 291.5 acres.
